

CITY OF HAYWARD

AGENDA REPORT

AGENDA DATE 05/25/99

AGENDA ITEM 4

WORK SESSION ITEM _____

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT: Authorization for the City Manager to Accept a Federal Grant for Improvements at the Hayward Airport and Execute all Implementing Documents

RECOMMENDATION:

It is recommended that the City Council adopt the attached resolution that authorizes the City Manager to:

1. Accept a federal grant in the amount of \$582,100 for rehabilitation of the entrance taxiway to Runway 28L and rehabilitation of Taxiway "A"; and
2. Execute all implementing documents.

BACKGROUND/DISCUSSION:

Under the *Airport and Airway Improvement Act of 1982*, the Federal Aviation Administration (FAA) reviews applications from local governments for various Airport Improvement Program (AIP) projects. Typical eligible items include safety and security equipment, airfield marking and lighting, and runway/taxiway improvements.

In November of 1998, the City applied to the FAA for grant funding from the Airport and Airway Trust Fund. Following their review, the FAA approved the application in May of 1999, and forwarded all necessary documents for execution by the City. These documents serve as the City of Hayward's acceptance of a grant funding allocation under the Fiscal Year 1999 AIP. This grant will fund 90 percent of the total costs for the rehabilitation of the entrance taxiway to Runway 28L, and rehabilitation of Taxiway "A." (See Exhibit A.)

The entrance taxiway to Runway 28L is too narrow and of insufficient strength to accommodate the size and type of aircraft currently operating at Hayward. Widening and strengthening the entrance taxiway will increase the margin of safety for existing aircraft. Because more aircraft will utilize the entrance taxiway, this project will help reduce noise impacts over San Lorenzo. This will be the result of departing aircraft becoming airborne

further from residential areas, thus improving the capability of aircraft to climb and initiate a turn away from homes.

The grant will also provide funding for improvements to Taxiway "A," which needs to be rehabilitated because of its poor surface condition.

The two projects described above are included in the proposed 1999/2000 Capital Improvement Program in the Airport Capital Improvement Fund. Design of these two projects is being combined with previously approved funding for three projects under the Fiscal Year 1998 AIP. The present schedule for all five projects is as follows:

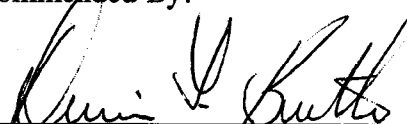

Design Start	July 1999
Advertise	March 2000
Award	May 2000
Construction Complete	October 2000

HAYWARD CITY COUNCIL

RESOLUTION NO. _____

Introduced by Council Member _____

**RESOLUTION AUTHORIZING THE CITY MANAGER TO
ACCEPT AND EXECUTE A FEDERAL GRANT
AGREEMENT WITH THE DEPARTMENT OF
TRANSPORTATION, FEDERAL AVIATION
ADMINISTRATION FOR AIRPORT IMPROVEMENTS**

WHEREAS, In November of 1998 the City of Hayward applied to the FAA for grant funding from the Airport and Airway Trust Fund for rehabilitation improvements to the entrance taxiway to Runway 28L and rehabilitation of Taxiway "A ", including widening and strengthening the entrance Taxiway to runway 28L and resurfacing Taxiway "A", to be funded in part from funds made available through the Federal Aviation Administration (FAA) under the Airport and Airway Improvement Act of 1982.

NOW, THEREFORE, BE IT RESOLVED that the City Manager of the City of Hayward, or, in his absence, the Assistant City Manager of the City of Hayward, is authorized to sign and approve on behalf of the City of Hayward, a Grant Agreement for a grant of \$582,100, from the United States Department of Transportation, Federal Aviation Administration in the form of the agreement on file in the office of the City Clerk, and any extensions thereof or amendments thereto.
